## Questions and Responses

1. Will proposals from programs that cover grades K-5 only be considered for award?  
**No.**
2. As our curriculum consists primarily of physical boxes/pages, would RISD like physical samples of each grade level to be sent in addition to the proposal? If so, how many copies should be sent?  
**Only what is requested in the RFP document should be submitted within the proposal.**
3. In addition to our physical curriculum, we have many additional digital supports. Is RISD interested in viewing them? Should they be included with the electronic version?  
**Only what is requested in the RFP document should be submitted within the proposal.**
4. Is RISD interested in our online platform designed to support educators in their implementation of student SEL and in their own emotional wellbeing and SEL skills?  
**Only what is requested in the RFP document should be submitted within the proposal.**
5. If our organization has a program overview video, is RISD interested in viewing it? If so, would they prefer the video file to be included with the electronic technical submission, or with a link to stream?  
**Only what is requested in the RFP document should be submitted within the proposal.**
