## WESTERN NEW MEXICO UNIVERSITY

Hello Counselors,

I hope you are doing well and the school year is off to a successful start. I would like to introduce myself as your Admission Recruiter from Western New Mexico University.

My goal as your recruiter is to provide students with information about WNMU and inspire them to attend college. I believe Western New Mexico University can be a great fit for your students but many may not know much about us. As New Mexico's only public Applied Liberal Arts and Sciences university, WNMU is preparing graduates with the skills, knowledge and courage to face the future's challenges with confidence.

Western New Mexico University in Silver City, New Mexico, sits in the shadow of the 3.3 million-acre Gila National Forest, just minutes from rugged public trails and endless adventures. Take a look at some of opportunities offered at WNMU:

I look forward to working with you and speaking with your students.

Go Mustangs!
